LONG-TERM CARE

Today's Challenges Bring
New Expectations

Creating Healthier Facilities

Small Business Big Heart

Everyone expects a clean, safe and healthy living environment. We know it takes more than a deep clean to provide a happy community. Residents, families, and staff need a higher level of cleanliness and accountability than ever before.

We Can Help Because We Know How

Our business is more than just a source for your cleaning supplies. We're a local company who care about our community as much as you do. We're professionals backed by years of experience helping facilities just like yours get exceptional results.

Focused on a Cleaner, Healthier Living Environment

We are a Member of Triple S, a national organization of janitorial and sanitary supply distributors with the goal of providing clean, safe, healthy living environments. Together we've pooled our knowledge and expertise to lead you through today's new challenges.

Collaborative Cleaning Process™

Provide confidence, accountability, and results
for everyone at your facility

The goal is to take all necessary steps to ensure a clean, healthy living environment.

Establish for Protection

- We work to help your staff create protocols to meet today's new standards for cleaning and disinfecting.
- Our team helps you develop easy to follow communication plans and processes for personal protection, hand hygiene, social distancing and much more.

Educate for Protection

- With our focus on cleaning for health, we teach your team the best practices to protect everyone who comes to your facility.
- We provide you the tools and technology to ensure everything is done the right way, so everyone is working together to maximize results.

Inspect for Protection

- Our program goes beyond just education. We provide inspection tools you can use yourself to ensure the job is getting done.
- Our easy to use smartphone app helps keep your team accountable so you can achieve powerful results.

During these uncertain times, you can be certain we are committed to providing the products and customized programs your facility needs to meet the highest cleanliness and preparedness standards.
